

Rooms

Our rooms have recently been renovated. We offer rooms in various styles. Most of the rooms are standard rooms. We also have luxe rooms, which are bigger or have a private terras or balcony. These are for example the French Balcony room and a Loggia room those have a beautiful view over the Prins Hendrikplein. The towerrooms are on the third floor and look out over the Peace Palace or the skyline of the centre of The Hague. The newest rooms are the Garden Rooms, with a private terracegarden and are equiped with a rainshower. Our Tulip room is a large and comfortable room with balcony. Our Feng Shui room with balcony, a spacious and calm room, is as well very popular among our guests. For long stay you reserve one of our standard hotelrooms with kitchenette, equipped with a microwave and refrigerator. Families are also welcome.
